Three emerging themes are defining the Future of Work

Josh

Work is no longer a place

An estimated 48% of workers will continue to work remotely post-COVID¹

Time is more precious

1 in 4 working parents is also a primary caregiver right now²

Human connection is crucial

1 in 3 workers feels disconnected from company culture and colleagues³

All on the cleanest cloud in the industry

Less energy

Take advantage of AI-optimized, efficient data centers and better utilization.

Google data centers are **twice as energy efficient** than average and compared to 5 years ago we deliver 7x the compute power for the same amount of electricity.

Zero net emissions

Meet your public sustainability commitments and reduce the environmental impact of IT operations.

Google has eliminated all legacy emissions since 1998 and **matched 100% of electricity use** with renewable energy since 2017, including the electricity that powers your workloads.

Carbon-free energy by 2030

Work with the first company to set the goal to completely decarbonize electricity.

By 2030, we aim to **run on 24/7 carbon-free energy at all our data centers, around the clock.**

How PwC keeps their global team connected.

“Google Workspace allows us to stay connected—it's the single place where we can collaborate, discuss, and share work, in the current situation. It provides enough resilience and security, and the ability to scale at the speed we need to”

Hilda Clune

Technology and transformation leader
PwC

PwC, a global professional services organization, empowered over 275,000 people to work from home in response to COVID-19. With Google Workspace, teams can stay connected to each other to serve their clients no matter where they are. As a global organization with most of its people working from home, PwC kept them all productive with nearly 10 million hours of video conferencing in Google Meet in a single month.

How Activision Blizzard keeps winning as a team.

“The safety of our teams is paramount during these disruptive times, and our workforce is already widely distributed across multiple locations internationally. Google Workspace has brought our teams together as we continue to collaborate while we’re apart.”

Jacques Erasmus

*Chief Information Officer
Activision Blizzard*

Activision Blizzard moved to Google Workspace for an innovative and scalable solution to keep their teams working closely together. As their developers around the world build the future of gaming, they use Google Workspace to create, collaborate, and share with each other to meet critical deadlines for game launches and updates.

How Cambridge Health Alliance makes the business of caring more caring.

With Google Workspace, CHA has transformed how our staff and caregivers work, providing collaborative tools to better patient care. We didn't realize how integral Google Workspace had become to our daily work until dealing with a pandemic where consistent communication with our CHA staff was of utmost importance.

James LaPlante

*Sr. Director, Technology and
Biomedical Services, CHA*

With Google Workspace, CHA was able to continue serving their patients in a timely manner as COVID-19 hit. Outpatient Psychiatry was an early adopter of video visits, which are preferred over phone consultations. Between March and June 2020, CHA was able to maintain 90% of its expected patient visit volume in Psychiatry.

How Schnucks is there for the community when they need it most.

“Thanks to Google we were able to think outside the box to keep our business running and employees safe and connected. Google Workspace made it easy to collaborate internally; we are also running our Helpdesk 24/7 on Meet; and our transportation department is able to practice social-distancing with a WFH dispatch platform on Google Workspace”

Mike Kissel

*Sr. Manager, End-Point &
Cloud Security, Schnucks*

St. Louis-based Schnucks evolved from a neighborhood grocery chain to essential workers virtually overnight. They supported both corporate and frontline workers in stores with an information hotline and created a virtual dispatch center for their transportation team, all through Google Workspace.

How Kärcher is cleaning up the cleaning business.

“With Google Workspace, Kärcher has transformed its global collaboration, allowing for faster business decisions during the COVID-19 crisis,”

Dr. Daniel Heubach
Chief Information Officer
Kärcher

Kärcher, a global manufacturer of cleaning equipment, move its 14,000 workers to Google Workspace in only five days in response to COVID-19. This enabled employees to collaborate effectively without missing a beat, or being in the office.

KÄRCHER

How Kia is driving the car buying experience home.

“Live Stream Showroom demonstrates our continued commitment to tailor the car-buying journey to the demands of our customers with virtual viewings.”

JT Hong

*Head of Global Channel & Service
KIA Motors*

KIA Motors is using Google Workspace to provide "virtual viewings" for its customers, providing them an immersive and engaging car-buying experience.

How Banco Davivienda is saving some serious coin.

“We’ve calculated that all these improvements to our processes with Google Workspace will save us 13,000 hours a year, which adds up to US\$3 million in OpEx savings.”

Patricio Melo

EVP Operations and Technology

Banco Davivienda

When Banco Davivienda chose Google Workspace for its digital transformation, it was able to bring employee up to speed, all while maintaining sharp sales growth.
